MARIO ALESSANDRO FAVA

SECURITY & RISK MANAGEMENT | CONTRACT GOVERNANCE | INTELLIGENCE & INVESTIGATIONS
Security and Investigation Professional

EXECUTIVE PROFILE

International security and risk-management professional with extensive experience in corporate security, executive protection, security contract management, investigations, intelligence support, and operational coordination. Managing Director of MAF Protection Control Risks Ltda. and security contract-management professional supporting international institutional and corporate environments in Brazil. Experienced in coordinating multi-provider security services, monitoring contractual performance, managing client and stakeholder relationships, and translating operational requirements into practical, compliant security solutions. Combines field experience with business management, consulting, and cross-cultural coordination across Brazil, Europe, and Latin America.

CORE COMPETENCIES

- Security Contract Management, Governance, Quality Control and SLA/KPI Monitoring
- Corporate Security, Executive Protection, Close Protection and Secure Transportation
- Risk Assessment, Due Diligence, Investigations and Intelligence Support
- Security Operations Coordination and Incident Follow-up
- Client Relations, Stakeholder Engagement and International Business Development
- Audit Support, Compliance Documentation, Reporting and Supplier Performance
- Security Systems, Technical Surveillance Countermeasures (TSCM) Coordination
- Project Management, Team Leadership and Cross-Cultural Communication

PROFESSIONAL EXPERIENCE

Security Contract Management – GEOS / ADIT Group | Brasília, Brazil | Oct 2018–Present

- Coordinate and monitor security-service delivery for an international institutional environment, supporting contract governance, quality control, operational follow-up, and client communication.
- Review service performance, incident reporting, staffing and post coverage, response-time requirements, supporting records, and corrective actions across security providers.
- Facilitate coordination among client representatives, contract management, local service providers, and international stakeholders.
- Contribute to audits, compliance reviews, technical clarifications, and documentation intended to support transparent and accountable contract execution.

Managing Director – MAF Brazil Protection Control Risks Ltda. | Brazil | Nov 2011–Present

- Lead a security, risk-consulting, and investigation business serving corporate and private clients, with service lines including executive protection, secure transportation, investigations, due diligence, and security consulting.
- Develop service proposals, coordinate operational resources and specialist partners, and manage client relationships, commercial planning, and delivery oversight.
- Support risk assessments and tailored security planning for personnel, facilities, travel, and sensitive business activities.
- Coordinate specialist support for technical surveillance countermeasures (TSCM), protective operations, and intelligence-led risk reviews where required.

Owner / Managing Director – MAF Segurança & Investigações | Brazil | Dec 2002–Nov 2007

- Managed private investigation and security-related assignments, client engagement, operational planning, and delivery of confidential services.
- Developed experience in investigative work, technical counter-surveillance, and coordination with relevant professional and institutional contacts.

Executive Protection / Close Protection Assignments | Brazil | Selected engagements, 2013–2015

- Performed close-protection and VIP security duties, including team-lead responsibilities and protective support for client movements.
- Worked with security providers including Sudeste Segurança and Graber Sistemas de Segurança on executive-protection assignments.

Security Site Advisor – GE | Brazil | Feb 2010–Jul 2010

- Provided site-level security support in an industrial / corporate environment, contributing to the practical management of security requirements.

SELECTED INTERNATIONAL / INSTITUTIONAL EXPERIENCE

- EU Delegation in Brasília: security contract coordination and oversight involving institutional premises, the Ambassador's Residence, and expatriate residences.
- Corporate and industrial environments: security support and coordination connected with complex projects, including energy-sector and construction-related operations.
- Latin America and international partner network: coordination of security services and specialist resources across different jurisdictions and operational contexts.

EDUCATION & PROFESSIONAL DEVELOPMENT

- MBA in Business Management.
- Green Belt – process improvement and continuous-improvement methodology.
- Additional professional background in private security management, investigations, executive protection, and security operations.
